

HydroCool X168

AC DEHUMIDIFIER SPEC

Experience superior climate control with our industrial dehumidifier featuring advanced cooling technology. Optimize indoor cultivation environments effortlessly. Harvest success with precision, as we redefine the essence of efficient humidity management

Cooling Capacity
6.8 (KW)

Power Supply Specification
380 V/50Hz

Dehumidification Capacity
7 (KG/h) ---168 (L/day)

Total Power Consumption
3.5 (KW)

Air Flow
2200 (m³/h)

Indoor & Outdoor Fan
Low-noise centrifugal fan, power of 0.5 (KW)

External Static Pressure
80-150 (Pa)

Compressor
Rotary compressor, 3Px1 unit

Part	Lenth	Width	Height
Indoor Machine	600mm	400mm	1600mm
Outdoor Machine	370mm	920mm	720mm

Dehumidification & Cooling.
