M-138L

DEHUMEE

Dehumidification Capacity: 138 liters per day
Power Supply: 220V/50Hz
Applicable Area: ≤200m^2
Maximum Power: 2100W
Air Circulation: 1250m^3/h
Drainage Method: Dual-use water tank/direct drainage
Applicable Temperature: 5~38°C
Noise Level: ≤ 50db
Humidity Control Range: 30%-70%
Adjustable Humidity Range: 10%-95%
Weight: 49kg
Machine Dimensions: 480x415x1030mm
Water Tank Capacity: 12L
Waterproof Rating: IPXO4
